

Call for applications Renewal of Director CECAM-FR-MOSER 2026-2030

The [CECAM-FR-MOSER Node](#) of CECAM, [the European Center for Atomic and Molecular Calculation](#), renews its Director for the 2026-2030 mandate.

The director is the “Node Director” of the CECAM-FR-MOSER node within the meaning of the CECAM convention and:

- Steers the FR-MOSER node and, as such, implements the decisions of the council;
- Participates in CECAM executive bodies in accordance with the applicable provisions of the CECAM convention;
- Presents the activity report of the CECAM-FR-MOSER node and the budget for the past year to the council of the CECAM-FR-MOSER node as well as to the relevant CECAM executive bodies, if applicable;
- Proposes to the council of the CECAM-FR-MOSER Node the estimates of revenue and expenditure of the node and the forecast activity program that will be presented to the executive bodies concerned at CECAM for the following year.

The director is appointed by the council of the CECAM-FR-MOSER node, subject to approval of his or her appointment by the CECAM council, for a non-renewable 4-year mandate.

Candidates must send us by email (valerie.brenner@cea.fr and cecam.moser@maisondelasimulation.fr), before December 13, 2024, a CV and a cover letter explaining, among other elements:

- Their motivation and their project for the next 4 years as director of the CECAM-FR-MOSER node;
- What links would he or she like to develop and strengthen with other nodes (French or European)?
- Their knowledge of the communities affected by the activities of the node, or other communities that could be affected;
- The elements that he or she can bring to the attention of the council concerning his or her availability and the time that he or she can devote to the management of the node.

The candidates will be selected from hearing on file but if this proves necessary, an interview of the candidates can be organized before the council of the CECAM-FR-MOSER node at the beginning of 2025.

The candidate validated by the council of the CECAM-FR-MOSER node and therefore future director will ultimately be appointed as deputy director from May 2025 in order to ensure a recovery period with the current director.

Valérie Brenner
Council President of the CECAM-FR-MOSER node

Riccardo Spezia
Director of the CECAM-FR-MOSER node
